

Maxflow Industrial Diesel Generator

Model - ELITE50YANTF

(Options available)

Yanmar L100-V site generator, fully enclosed frame design, carefully chosen rubber mounts to reduce vibration, dual voltage output. L100V stage 5 emission complete engine, close coupled to brushless maintenance-free smooth waveform alternator. Diesel engine provides greater fuel economy for extended use.

Part No.	Engine	kW	kVA	Sockets	Frame
ELITE50YANTF	Yanmar L100-V	5	6.0	2 x 230v 16/32A 2 x 110v 16/32A	Trolley
AVR ELITE55YANTF	Yanmar L100-V	4.5	5.5	2 x 230v 16/32A 2 x 110v 16/32A	Trolley

Maxflow Industrial Petrol Generator

Model - STD110HTF

(Options available)

Features

- Single phase and three phase option available
- Honda petrol engine
- Oil alert
- Smooth wave format technology - providing you with safe and consistent power
- Electric start
- Mecc Alte Alternator
- 18L long run fuel tank
- Heavy duty trolley frame
- Foldaway handles
